PROFILE

Experienced Cobol developer with over 3 years of experience in NTT Data (Thailand) Co., Ltd. Excellent reputation for resolving problems, improving customer satisfaction, and driving overall operational improvements.

Nowadays, I am working as Project Coordinator that handles many projects of AIS company. This position improves my skills such as ability in planning and co-ordination, strong interpersonal and communication skills and good at multitasking.

To obtain a creative and challenging position in an organization that gives me an opportunity for self improvement and leadership, and I can utilize my skills and knowledge efficiently for the organizational growth.

EXPERIENCE

COBOL DEVELOPER

NTT Data (Thailand) Co., Ltd. (June 2016 - July 2019)

I have worked mostly on a product called Cardlink, which is the payment card management solution.

Cardlink is a solution, which is able to support all the principal functions involved in card operations – issuing, acquiring, applications, authorization and collections. It interfaces with Visa, MasterCard, JCB, and other payment networks.

As a programmer in projects, I was involved with understanding the functionality of the system, analyzing the requirement, developing the system as program specifications, performing the tests and providing the unit test documents.

Projects

- DCC (Dynamic currency conversion)
- JACCs IC Card
- TSC Ascend
- TSC DRM
- MasterCard Acquiring
- Affluent Card for TMB

PROJECT COORDINATOR

Epic Consulting Co., Ltd. (June 2020 - Present)

I am assigned as a project coordinator at MIMO Tech Co., Ltd. that operates as an IT operator, content aggregator, and applications which will support various services of AIS.

- Work with project manager planning projects and preparing documents
- Met clients and understand their requirements as well as explained expected project outcomes

- Interacting with the team to troubleshoot project issues and suggesting possible alternative solutions to meet deadline
- Acting as the point of contact between client and the team to communicate project progress
- Assigned tasks to internal teams, and assisted in project schedule management

I have improved many skills such as planning, communication, leadership or project management.

Projects

For my responsibility, I am assigned to manage 3 projects including;

1. Milkyway1.0
2. Milkyway2.0

Milkyway is divided into 2 projects which are Milkyway1.0 (for corporate customers) and Milkyway2.0 (for general customers).

AIS provides the connectivity management solution called Milkyway to support business IoT and manage inventory of IoT devices, IoT connectivity lifecycle, package and customer self-activation

3. VMS (Virtualization Management Service Platform)

VMS is web development service that supports IoT customers who want to create their website to manage their IoT devices.

PERSONAL QUALITIES

- Highly motivated and eager to learn new things.
- Willingness to accept any challenge irrespective of its complexity.
- Flexibility and Adaptability to work in any environment.
- Good team player and positive attitude.
- Good communication and interpersonal skills.
