WACHIRA MUANWONG

- DATA SCIENTIST
- DATA ANALYST

PROFILE

I'm Wachira Muanwong (Toey).
I was born on 26 November 1997 and grew up in Samutprakan. I have 3 brothers and I'm eldest brother. My parents open curry and rice shop. So I like to cooking, bakery and another hobby right now is that I'm growing my own vegetables. I like to learn new things that I have never done.

Current I'm a Data Analyst at RVP company. My work is created Analytics Dashboard with Power BI , supported Data when someone request and create Data Thinking idea to representatives of each department in the RVP company.

OBJECTIVE

Now I'm interesting Big Data Process both Structured Data and Unstructured Data from start to finish. As well as learn new technology and new tools for management data. To create Data Warehouse for further use Analytics or create Machine Learning to AI.
To make business decisions.
